GRATAR STANTAT

COD	PRET €	MATERIAL	DIMENSIUNI L x l x h mm	GREUTATE kg	SUPRAFATA DRENARE dm ²	DESCHIDERE F1 x F2 mm	PRINDERE		
							bareta	clip	zimt (fara fixare)***
507122		otel DX51D** zincat	998 x 124 x 20	1,30	2,35	83,0 x 8,5			
507123		otel inox AISI 304* decapat							
507124		otel DX51D** zincat	498 x 124 x 20	0,65	1,175				
507125		otel inox AISI 304* decapat							

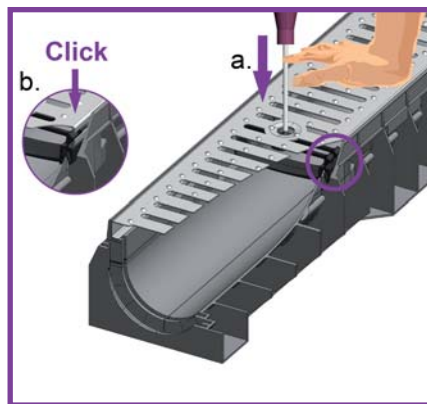

MONTARE GRATAR CU SISTEM CLIP

- Asezati gratarul pe rigola astfel incat sa corespunda fanta la carligul sistemului Clip SKIP si apasati cu un surubelnita pe bareta;
- Potriviti gratarul cu mana pana se realizeaza imbinarea.

DEMONTAREA GRATARULUI

- Apasati cu un surubelnita pe sistemul Clip Skip in asa fel incat sa se produca decuplarea;
- Ridicati.

NEW

Gratarele stantate si din PE-HD SKIP se pot fixa mai rapid si mai sigur cu ajutorul sistemului Clip SKIP!!!

* Clasificare conform normei americane ASTM.

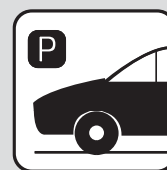

** Clasificare conform normei EN 10142 (ed.Luile 2002) si simbolistica conform normei EN 10027-1 (-2) (ed. septembrie 1993).

*** Sistem de blocare cu ajutorul unei protuberante continuta de rigola. Blocajul nu asigura fixarea gratarului pe rigola. Pentru obtinere unei prinderi stabile va sfatuim sa utilizati sistem de prindere cu bareta sau clip.

NOTA: Dimensiunile si greutatele se incadreaza in limite normale de toleranta.
